This morning I was very nervous because of the french test. I was glad as soon as it was over. I had lunch with my colleague. His mother made a wonderful lasagne. After school I had a super evening without my parents. They were having other activities in Zurich.

Today we had a lot of fun during the domestic economy lesson. Mrs. Mächler made a lot of jokes. She is a very funny person. After my homework I had to do some french, because of the test on friday. In the evening I had football training. Another long day past by.

This morning my friends came over to pick me up at home. Together we went to school. It was a big fun. During the sport lesson we had a baseball trainer who gave us a very interesting sport lesson. Baseball was fun! Directly after school I made my homework. After that I went to Talwiesen to play football with my friends. For dinner we had pizza.

Like every day, I stud up for another schoolday. This morning I had a marmelade bred. On the way to school I meet a friend and we walked together to the Rychenberg. At the geographic lesson we watched an amazing film about the climate. This evening my grandmother came over and made dinner for me.

Today, I stud up at 6 o'clock. For breakfast I had a big bowl of cornflaks. On the way to school I saw a dead bird on the street. I only saw the bowl of this little bird. This was a long school day. It ended at 6 p.m. After homework I had football training. Me and my friends had a lot of fun. Back home I had dinner and after that I was soo tired that I went to bed.
