

The best player in Austria is Jean Andrioli from Freistadt. He is an attacker and plays in the Austrian Team.

I like it because:

- it is a lot of fun
- playing in a team is great
- a lot of friends also playing in Inzersdorf
- my whole family is playing fistball
- you can win a trophy
- you getting fit and stay healthy

Fistball is a team sport.

Two teams play against each other.

A team consists of five players.

Fistball can be played indoor and outdoor on grass.

The ball looks like a football, but it is a little bit smaller and lighter than a football.

My favourite sport is fistball.

On the picture you see a player in the defence. (Einsiedler Philipp from Grieskirchen)
