

had forgotten it“ said Steve. So Alex annoyed, build a new portal and got gritting his teeth blazepowder and craft the rest ender eyes. Then they jumped into the end portal. The End cristals were quickly destroyed and the dragon was killed by beds and Steves Sharpness V sword. „Finally done“ said Alex. Steve said: „ Sorry I forgot about the blaze powder in the nether...“ Alex replied:„ That everyone has their strengths and

weaknesses. Together we are strong.“

The next time they went for an Elytra, but that`s a whole, new story.

lava, they put the most important things in a chest. After the nether, they ran back to the overworld and killed endermans. Each dropped luckley at least one ender pearl. After a relaxing night, Alex and Steve walked towards the stronghold. Once there, they had to kill a few monsters until they reached the end protal. Alex said:„ Give me your blazepowder so we can go to the End.“ „Oh no, this is in the chest in the nether.... I

built a nether portal out of ten obsidian. Alex then lit it on fire. The spawn in the nether was very good. They spawned in a crimson forest. They found in the surrounding area. They picked up three gold blocks and ran back to the portal. When they arrived at the portal, they went in the opposite direction and directly he found a nether fortress. They farmed Blaze rods. So that they didn` t lose everything when they fell into

Steve come out of the mine and said to Alex „ So now we have enough diamonds full suit of armour and a sword for each of us.“ Alex was happy, he asked „ Did you also bring eight gold so that we wouldn` t be attacked by the piglins?“ Steve just nodded. This make Alex happy and handed Steve his 64 beet he had cooked. „ Then we are ready for the nether?“ asked Steve. „ Sure“ said Alex. So they
